

Advanced Program Corrections Guide

We strive for accuracy in our curriculum and are confident in the content you will use. We have listed below any discrepancies within the curriculum and clarified accordingly. Let us know if we can be of additional assistance to you.

Sincerely,

The ReadingHQ Team

Advanced Lesson 2

- Slide 10 and 11 reference “chase” and should have labeled as a long vowel using a macron and a sneaky e code, not a breve.

Advanced Lesson 11

- Slide 18 – a word referenced should be “pickle” instead of “pickles” (not plural).

Advanced Lesson 25

- Be sure to use the Vikings text in the PPT slide in this lesson; the reader does not contain the content needed.

Advanced Lesson 27

- The Mozart story referenced is in the Digital Platform as an additional story and not in the student reader.

Utilize the Instructor guide along with the student activity book to delineate sections.

The Graphic Organizers referenced in the Instructor Guide throughout the program can be found in the Student Activity book.
